2. Please make sure that your Pieps app is updated to version 4.1

- 3. Open the App and connect your Recon LT beacon via Bluetooth
 - With the app open, enter the 'Device Manager'
 - From the top of the screen, select 'Connect Bluetooth Device'

the beacon from Off to Send mode.

• Select your Recon LT from list in app.

4. Once connected, the App will automatically prompt you to Update your software, which should take less than one minute. Select 'Update' at the bottom of the screen.
